About EsoCap

EsoCap AG is a Swiss privately funded company based in Basel, Switzerland.

EsoCap's vision is to improve the lives of patients with serious diseases through the development of a unique topical drug delivery platform for diseases of the upper gastrointestinal tract.

Topical treatment in the upper gastrointestinal tract is extremely difficult to achieve due to ultra-short transit times with less than two seconds from the mouth to the stomach.

EsoCap owns a unique drug delivery platform allowing the topical application of drug substances for the local treatment of diseases of the upper gastrointestinal tract.
